

MRI/CT SCAN

Your provider has ordered an MRI/CT Scan, next steps...

- Our office will help arrange for you to obtain your scan at the location of your choice
- The out-patient imaging center will call you to schedule your appointment
- **AFTER YOU SCHEDULE/PERFORM YOUR SCAN:**
 - Call our office 303-344-9090 when you know the date of your scan
 - We will schedule you for a follow up to go over your scan results, either in person or via telehealth
 - If you have your scan at an imaging facility that we do not have access to, please obtain a copy of your images on a CD

Referral Sent To: _____ Phone: _____

TELEHEALTH VISITS

If you have chosen to be scheduled for a telehealth visit to go over your test results and/or follow-up, we will contact you at the designated time via teleconference. At that time, we will have you confirm your date of birth to verify your identity. We will then discuss all relevant findings and available treatment options. Once we have decided on the best treatment plan for you and your injury, our office will then help to set-up the next steps including physical therapy, referrals, injections, follow-up appointments, and/or surgery scheduling.

Telehealth visits are considered the same as in-person office visits for insurance purposes. Your insurance will be billed and you will be responsible for the appropriate co-pay or co-insurance.

If you have any questions about your upcoming telehealth visit, please do not hesitate to reach out.

Thank you,

-the team at Advanced Orthopedics & Sports Medicine
